WHO ARE SEVERN TRENT GREEN POWER?

Severn Trent Green Power, part of the Severn Trent plc group of companies is a successful, national, waste company with an excellent reputation in the organic waste and renewable energy sector. We operate 8 anaerobic digestion facilities, 2 in-vessel compost sites, and 3 open windrow compost sites. The company's strategy is to continue to develop as a market leader in the recycling and processing of organic wastes and generating enough renewable energy throughout the business to meet our triple carbon pledge to be carbon neutral by 2030.
